**Bus.** Stockholms Lokaltrafik (Stockholm Public Transport) (SL) has a journey planner at <https://sl.se> (also available in english). There are two bus stops near the airfield, one is called "Skå Edeby (Ekerö)" and one is called "Skå Flygfält (Ekerö)". Search for journeys and then click on a journey and look at the map to see where the bus stops are located. You can pay one-way adult tickets on the bus with your credit card, or you can buy tickets with the app "SL-Reseplanerare och biljetter".

The buses to and from the bus stops mentioned above are rather infrequent. An alternative is to walk about 3 km to "Svanhagen" and take a bus from there.
